

SLOVENIA

THE NEXT GENERATION STUDY HUB

❖ WHY SLOVENIA

❖ Slovenia has a highly-rated education system considered as of the best in the EU. Student life in Slovenia is perfectly built for success and universities here embrace foreign students. Also, the majority of Slovenians are fluent in at least one foreign language, commonly English or German, but depending on the region also Italian or Hungarian is possible.

❖ There are various scholarship opportunities available for international students looking to study in Slovenia. Depending on your country of origin and the level of studies, there are different options for funding. To explore what scholarship options are available

❖ Ljubljana, Maribor and Koper are university cities which makes it easy for you to arrange your student life and enjoy your free time. Most of them don't have strict campuses, but all the faculties around the city have at least one student dormitory nearby or a plentiful selection of private accommodation.

❖ Tuition fees in Slovenia differ depending on the choice of institution and study course. Higher Education for undergraduate degrees is free for all Slovenian and EU students studying full-time. 80% of students pay no fees. Tuition fee for students coming from EU member states is financed by the Ministry of Higher Education.

University Of Maribor

The University of Maribor is second-largest university, established in 1975 in Slovenia. The University of Maribor is a regional developer and our faculties are located not only in the city of Maribor, but also in other parts of Slovenia. The highest academic and professional body is the University Senate, comprising deans, deputy-deans, academic officials, researchers, and student representatives, who meet at periodic sessions in order to decide on the policy and structure of the University.

INTERNATIONAL BUSINESS SCHOOL

IBS International Business School Ljubljana educates internationally competitive future managers who are distinguished by their knowledge of modern leadership, business and management methods, their ability to communicate in a domestic and international environment, and their orientation towards practice.

Is a small private university of Applied Sciences that carries out BA and MA programmes in international business. Slovene university education authorities fully accredit IBS and its programmes. IBS International Business School Ljubljana started to develop a student-centered approach in 2009. The teaching methods are based on team learning, e-learning, project work, and stimulate knowledge of and respect for different cultures, consideration of ethics, creativity, and motivation of students for lifelong learning. IBS respects the Bologna declaration principles and tries to increase student and personnel mobility, supported by studies in foreign languages, foreign lecturers, and work practice.
