

LATVIA

# About Latvia:-

- ▶ New standards enable international students' easier start to pursue education in Latvia. ... Because of the high interest of students to study in English language, the minimum grade requirement is 65%. Some programs, however, allow 60%.
- ▶ **Engineering study** in Latvia is very popular and the universities here are famous for producing high quality engineering and IT graduates.
- ▶ It provides scholarships to the brilliant students.
- ▶ Wide **job market** for the International Students.
- ▶ Latvian degrees are **globally acknowledged**.
- ▶ Latvia is located in the temperate climate zone and therefore has four pronounced seasons. Travelers visiting Latvia can enjoy a real winter with subzero temperatures and snow, spring floods, warm summers, and colorful autumns.
- ▶ Riga is one of the top places for great nightlife and adventures. A wide range of entertainment in Riga is available both day and night – there are night clubs in Riga, restaurants, bars all around the city. Moreover, Riga has always been a multicultural city because of its history.

## ❖ Why Study In Latvia:-

- ❖ **Cost of living** in Latvia is less than most of European countries. Cost of living depends on the living style of students
- ❖ Students are allowed to work for 20 hours per week during studies. Most of the job opportunities are available in **capital city Riga**. Riga is an industrial city, so there are more opportunities to find good job. It's economically a rich country so students have many future opportunity.
- ❖ Quality education at international standards in English. Internationally recognized undergraduate and graduate programs.
- ❖ Education in line with the Bologna system. Qualified faculty members at international standards.
- ❖ On-campus education with a wide range of facilities. Excellent facilities for social, cultural and sports activities.
- ❖ **Medical insurance**, provided by the government of Latvia.
- ❖ Transport, shops and entertainment are close at hand.
- ❖ Accommodation on campus and around the city.
- ❖ Paid internships Guaranteed.

❖ In general, the approximate tuition range for some popular undergraduate programs is as follows:

- Medicine 13000— 15,000 Euros per year
- Business programs 2,000 — 6,000 Euros per year
- Management programs 2,000 — 6,000 Euros per year
- IT and Engineering programs 2,200 – 4000 Euros per year
- Mathematics 2,000 — 4,000 Euros per year
- Informatics 2,000 — 4,000 Euros per year

❖ At the Master's level, the tuition fee is approximately 2500-10000 per year for international students.(Also depend on the programmes)
