TUITION FEES - PAYMENT METHOD

Flywire will no longer be available for international payments to Saskatchewan Polytechnic:

* A significant majority of payments to Sask Polytech are now going through **PayMyTuition (PMT)**, and we have asked Flywire to remove Sask Polytech from their payment portal and to **no longer accept payments** to Sask Polytech. This **change** will be effective **March 25, 2024**.

* **Flywire** was left as an option for making payments as we transitioned **to PMT** but with payments working smoothly, were ready to commit to **PMT** as the sole payment solution provider for making **tuition** and **deposit payments** to Sask Polytech. This allows us to take full advantage of the integration between PMT and our Banner ERP system and to be able to provide a consistent message to students about making payments to Sask Polytech.
